

<u>CLIENT/PROJECT</u>	<u>COUNTRY</u>	<u>SCOPE OF SERVICES</u>	<u>CONTRACT AWARD</u>
KBR – Petrokemija CAN, NPK and SAP plants modernization Feasibility study	Croatia	Feasibility study	2020
Azomures New CAN granulation plant	Romania	Pre-feasibility study	2019
Acron – Veliky Novgorod New CN granulation plant	Russia	FEED and supply of proprietary equipment	2019
Azomures NPK Flue gas cleaning - New scrubber	Romania	Engineering, procurement, commissioning, training & start-up, assistance services	2018
Acron - Dorogobuzh Fertilizer complex including a sulfuric acid plant, a phosphoric acid plant and NPK granulation	Russia	FEED and supply of proprietary equipment	2017
KBR - Petrokemija Fertilizers complex (Ammonia, Urea, Ammonium Nitrate, CAN, NPK, Utilities)	Croatia	Due diligence	2017
S.M.C. (Salalah Methanol Company) Ammonia EPC Project	Oman	Engineering – E&I	2017
Bagfas AN / CAN existing plant revamping	Turkey	Engineering, procurement, construction management	2016
Anwil Nitric acid and ammonium nitrate complex (new capacity)	Poland	Feasibility study	2016
Achema AN / CAN / ASN Production Plant	Lithuania	Basic engineering, supply of proprietary equipment. Detailed engineering and technical assistance for commissioning and start-up	2016
Azomures New CAN granulation plant and prilled	Romania	Pre-feasibility study	2015

<u>CLIENT/PROJECT</u>	<u>COUNTRY</u>	<u>SCOPE OF SERVICES</u>	<u>CONTRACT AWARD</u>
CAN in existing tower			
ICL Potassium nitrate production plant	Israel	Pre-feasibility study	2015
Yara – Ravenna Flue gas cleaning - Spare parts	Italy	Technical assistance	2015
Petrokemija Granulated ammonium sulfate and ammonium sulfate nitrate (MAP/NPK plant revamping)	Croatia	Engineering & technical assistance	2015
Yara New CN production plant	U.S.A.	Feasibility study	2014
Azomures NPK Flue gas cleaning Revamping of existing scrubbers	Romania	Engineering, procurement, commissioning, training & start-up assistance services	2014
Azomures 3 AN prilling towers flue gas cleaning New scrubbers	Romania	Engineering, procurement, commissioning, training & start-up assistance services	2014
Azomures NPK Flue gas cleaning	Romania	Pilot tests	2014
Anwil New nitric acid and ammonium nitrate plants	Poland	Feasibility study Assistance to EPC tendering process	2014
ICL Fertilizers Europe NPK plant capacity increase	Netherlands	Feasibility study	2013
UMMC Ammonia, nitric acid, PAN	Russia	Pre-feasibility study	2013

<u>CLIENT/PROJECT</u>	<u>COUNTRY</u>	<u>SCOPE OF SERVICES</u>	<u>CONTRACT AWARD</u>
Yara – Ravenna NPK Flue gas cleaning	Italy	Audit	2012
Sasol Nitro CAN production plant	South Africa	Commissioning and start-up assistance	2012
Sasol Nitro New urea plant	South Africa	Feasibility study	2012
Nitrogénművek CAN plant revamping	Hungary	Technical audit	2012
Uralchem – Berezniki Ammonium sulfate nitrate granulation plant (ASN)	Russia	Basic engineering, procurement services & proprietary equipment	2011
PVFCCo (PetroVietnam Fertilizer and Chemical Corporation) New and revamping ammonia plants	Vietnam	Detailed feasibility study	2011
PVFCCo (PetroVietnam Fertilizer and Chemical Corporation) New DAP plant (3000 t/d)	Vietnam	Detailed feasibility study	2010
Eurochem - Belorechensk NPK Plant	Russia	Technical audit	2009
Sasol Nitro New CAN plant (1,333 MTPD)	South Africa	Engineering, procurement, construction management	2009
PFI - Phosphoric Fertilizers Industry NPK plant	Greece	Technical audit	2009
PVFCCo (PetroVietnam Fertilizer and Chemical Corporation) - <u>Phu My</u> New ammonia (1,350 MTPD) and urea (2,200 MTPD) plants	Vietnam	Project Management Contractor	2008
Sasol Nitro New MAP plant (1,280 MTPD)	South Africa	Engineering, procurement, construction management	2008

<u>CLIENT/PROJECT</u>	<u>COUNTRY</u>	<u>SCOPE OF SERVICES</u>	<u>CONTRACT AWARD</u>
JPMC DAP plant capacity increase	Jordan	Engineering, procurement, construction management	2008
CPMB PetroVietnam – Ca Mau New ammonia (1,350 MTPD) and urea (2,385 MTPD) plants	Vietnam	Project management services and consultancy	2008
Kazazot New ammonia and urea plants	Kazakhstan	Feasibility study	2008
Ammoniji – Mendeleevsk Azot New ammonia plant	Russia	Feasibility study.	2008
Phosagro - Ammophos New Aluminum Fluoride plant	Russia	Feasibility study	2008
GPN New urea plant (900 MTPD)	France	Engineering, procurement, construction management	2007
JPMC DAP plant capacity increase	Jordan	Feasibility study	2007
Sasol Nitro New NPK Plant	South Africa	Conceptual study	2007
Sasol Nitro New CAN Plant	South Africa	Conceptual study	2007
Phosagro - Ammophos NPK Plant	Russia	Technical audit	2006
Bagfas Revamping of an existing NPK plant	Turkey	Technical audit	2006
Eurochem - Novomoskovsk (NAK Azot) Revamping of an existing NPK Plant to produce CAN	Russia	Basic engineering and supply of equipment	2006

<u>CLIENT/PROJECT</u>	<u>COUNTRY</u>	<u>SCOPE OF SERVICES</u>	<u>CONTRACT AWARD</u>
Itera New ammonia plant	Algeria	Feasibility study	2006
Eurochem - Novomoskovsk (NAK Azot) Revamping of an existing NPK Plant to produce CAN	Russia	Feasibility study	2006
Industries Chimiques du Sénégal (ICS) Chemical complex optimization	Senegal	Feasibility study and consultancy services	2005
Agropolychim Revamping of an ammonium nitrate phosphate plant	Bulgaria	Feasibility study and process engineering development	2005
Kemerovo Azot Revamping of an existing AN production plant to produce PAN	Russia	Feasibility study	2005
Eurochem - Novomoskovsk (NAK Azot) Revamping of an existing AN production plant to produce PAN	Russia	Feasibility study	2005
Eurochem - Nevinnomyssk New CAN Plant	Russia	Feasibility study	2005
Chimco Demobilization of ammonia (800 MTPD) and urea (1,200 MTPD) plants to Sharjah, U.A.E.	Bulgaria	Feasibility study and FEED	2003
Agrium Australia Pty Ltd. – Pilbara Ammonia fertilizer plant (2,200 MTPD)	Australia	Cost estimating study	2003
